

R Mowleeswari

Aspiring Python & Django Developer

SUMMARY

Passionate Python and Django Developer with strong expertise in web application development, REST APIs, and database management. Skilled in problem-solving, debugging, and clean code practices with a solid understanding of software development fundamentals. Eager to contribute to real-world projects while continuously enhancing technical and analytical skills.

PROJECTS

E-Commerce Project

Developed using Django and REST Framework; implemented secure authentication, dynamic cart management, and admin-controlled product handling with a responsive Bootstrap interface.

GitHub:	https://github.com/aneeshmowleeswari-del/e-commerce	Will be added
---------	---	---------------

Product Management REST API

Developed a RESTful Product Management API using Django REST Framework with full CRUD functionality. Implemented GET, POST, PUT, and DELETE operations using serializers and proper HTTP status handling.

GitHub:	https://github.com/aneeshmowleeswari-del/mini-Todo.git
---------	---

Freelance Web Application (Ongoing)

Currently working on a freelance Django-based web application focusing on backend development, REST APIs, and database integration. GitHub repository will be published after project completion.
